

Applications and documentation of the DELTA System

24 November 2016

M.J. Dallwitz

Introduction

This reference list includes hard-copy, CD-ROM, and Web publications. It is arranged by author and date under two subject headings: **Documentation and methodology** and **Applications**. It includes superseded publications.

For indexes to current Web publications, arranged by subject, see:

- **Programs and documentation**
- **Data — descriptions, illustrations, identification, information retrieval**
- **Methodology of interactive keys and descriptive databases**

These indexes include publications that were originally at the superseded sites muse.bio.cornell.edu/delta/, www.keil.ukans.edu/delta/, and biodiversity.uno.edu/delta/.
